## About me.

Adaptable and hardworking individual with good analysis and problem solving skill. I am able to work as a team or individually, working well under pressure, responsible, good time management and target oriented person.

# AZIZY MUHAMMAD ZIDANE

Dear Sir or madam,

My name is Azizy Muhammad Zidane. I am a Fresh Graduate from Sultan Ageng Tirtayasa University in Metallurgical Engineering Major. I am interested to join PT Cheetham Garam Indonesia.

I am responsible and able to work under pressure. I have an internship experience at PT. Inter World Steel Mills Indonesia as Quality Control Staff. My responsible as Quality Control Staff is to identify and control a product especially deformed rolled steel bar and analyze any problem of products. I am active in organization as a financial division. I have experience in logistic division at Metal Expo and Metal Exist event. I have a good analytical thinking and problem solving skills. Easy to learn new things and detail oriented with high integrity. I am proficient at using Ms. Office and have a good skills in presentation.

I am sure that there will be many applications coming in. However, I believe that my motivation and commitment can be counted on to be able to join your team. I would appreciate you reviewing the enclosed application form, curriculum vitae and other supporting file that depict my skill and educational background. Your reply to this application would be a great honor. I can be reached at 089616477786 and azizizidane2@gmail.com.

Thank you for your consideration.

AZIZY MUHAMMAD ZIDANE
